

## WEBINARS

### Petzl PPE inspector - REFRESHER

Inspecting Petzl PPE for workers at height - certificate renewal

Access level: **000 (Advanced)**

Reference: **PNA 002**

PPE inspection is mandatory for good professional practice. It helps ensure user safety and the safety of work at height operations. The initial PPE Inspector training offered by Petzl is valid for 3 years. For the inspector, it is very important to stay up to date on Petzl's recommended protocol. The refresher training serves that purpose and helps further one's expertise.

- **Duration:** 1 day or 3 x 1,5 hour.
- **Valid for:** 3 years - from the date of obtaining the certificate.
- **Prerequisite:** have a Petzl fall protection PPE inspector initial certification less than 36 months old.
- **Attestations and certificates:**
  - Attestation of attendance
  - Certificate: Fall protection PPE Inspector.
- **Access level:** **000**  
Advanced: I independently use, and/or am familiar with the equipment involved.

### Goal(s) of the training

The training reviews the knowledge acquired in the initial training (Inspecting Petzl PPE for workers at height) and allows the Fall protection PPE Inspector certificate to be renewed for a period of 3 years.

### Targeted skills

When this training is over the student will be able to:

- Know and apply the regulations related to PPE tracking
- Inspect PPE using Petzl's methodology
- Identify wear and defects that require PPE to be retired
- Write inspection reports
